# FUN LEARNING FOR YOUNG CHILDREN!

*This age is a very fragile age in which children can learn and soak up a wealth of information. During our time together we will have fun while working on their verbal, social, and listening skills.*

*Sessions can run from 1 to 1.5 hours depending on the number of participants; and includes structured interactive play with Sherrie the Clown (face painting is optional), craft time, and story time. Every child receives a book!*
