

# Operation Safe Child

Addressing neglect in Out-Wayne County by supporting families with children and the businesses that serve them.

\*This document is updated as resources become available.

## Medical Neglect Resources

### Benefits of Well-Child Visits:

- **Prevention.** Your child gets scheduled immunizations to prevent illness.
- **Tracking growth and development.** You can discuss your child's milestones, social behaviors and learning.
- **Raising concerns.** Bring your top three to five questions or concerns with you.
- **Team approach.** Regular visits create strong, trustworthy relationships among pediatrician, parent and child.

### Recommended Schedule:

The first week visit (3 to 5 days old)

1 month old

2 months old

4 months old

6 months old

9 months old

12 months old

15 months old

18 months old

2 years old (24 months)

2 ½ years old (30 months)

3 years old

Every year following...

**Safe Sleep Initiative:**

Safe Sleep Tips

Babies should sleep in their own cribs.

Babies should sleep on their backs.

Cribs should be free of pillows, blankets, and toys while babies are sleeping.

Never cover a baby's face while they're sleeping.

No smoking around babies.

Do not overheat or overdress babies.

Lie babies on a firm mattress with a tight-fitted sheet.

Contact the Wayne County Safe Sleep Initiative for further guidance and to request a  
Pack N Play. Email: [sjackson3@waynecounty.com](mailto:sjackson3@waynecounty.com) or call (734)467-3373.
