Keynote Speaker

Minister Cassandra Phipps LPC, LLP, CAADC

Cassandra Phipps is the Director of Children's Initiatives for the Detroit Wayne Integrated Health Network (DWIHN) and has been with the organization since May 2021. Phipps provides management, oversight, and coordination for all activities within the Children's department and is responsible for the overall design and ongoing implementation of DWIHN's system transformation efforts for children with serious emotional disturbance and intellectual developmental disabilities.

Prior to DWIHN, Phipps worked for Easterseals where she was Program Manager and a Clinical Home-Based Supervisor during her six years of employment there. She also worked at The Guidance Center as a Children's Home-Based Therapist and Clinical Therapist. Phipps is a Licensed Professional Counselor (LPC), Limited Licensed Psychologist (LLP), and a Certified Advanced Alcohol and Drugs Counselor (CAADC) who is dedicated to working specifically with children who utilize community mental services. She has provided quality care and services to some of the most vulnerable youth in Wayne and Oakland counties and has served in various leadership positions.

Lastly, Phipps is also a Licensed Minister since 2008 and has engaged in various ministries over the years. She currently serves at Zion Hope Missionary Baptist Church under the leadership of Pastor Curtis R. Grant.

It Shouldn't Hurt to be a Child

Welcome

We are so excited to welcome you to our Biennial Children's Summit! Child's Hope advocates for the elimination of child maltreatment with its members, Michigan's Children's Trust Fund, and other stakeholders to ensure that there's a coordinated approach that delivers the best outcomes for children, and that is PREVENTION.

Presenters for this summit includes local professionals that are within your reach to get the resources you need for your home, school, and community. The information being shared is to inspire you and give you hope. It's focused on strength-building rather than flaw-fixing. It begins with the belief that every young person has the right to live an abuse- and neglect-free life and that is social and emotionally healthy.

This year our summit has a two-day schedule and will be held entirely online. Day one we are laying the foundation to learn and share resources and strategies that will strengthen homes, schools, and communities. Day two you are not restricted by time zones or an all too busy summit schedule, because you have an opportunity to watch all of the seminars you want, at your own pace, whenever the time is right for you.

Seminars are pre-recorded, and will be available Wednesday, November 9th @ 6 a.m. to 11:59 p.m. You can interact with presenters and our participants by posting questions and answers in our Discussion Forum.
