ABOUT US

Mission Statement

To promote the prevention of child abuse and neglect in Out-Wayne County through effective collaborations and prevention activities.

Values

We value...

- opportunities for children to reach their full potential.
- children and families leading lives free of abuse.
- programs designed to break the cycle of abuse in our communities.
- skills and knowledge necessary to achieve the mission and goals of the organization.
- excellence at all levels and in all aspects of the organization.
- collaboration of child abuse prevention serving organizations in working toward a goal of breaking the cycle of abuse in families.
- education to inform a community about child abuse issues.
- resources necessary to provide the tools and support for child abuse prevention.
- the ability to address change by being flexible and adaptable.
- staff necessary to carry out the values of the organization.
- a Board of Directors necessary to carry out the values of the organization.
- accountability personally and as an organization.
- maintaining communication with the community.
- creation of programs that can be used by others to prevent child abuse.
- measurement and outcomes.

TRAININGS WE OFFER

For

Parents/Guardians

and

Professionals

- ★ • **Adverse Childhood Experiences (ACEs)** - learn how to identify potentially traumatic childhood experiences and discuss ways to prevent and mitigate them.
- **Strengthening Families Parent/Community Cafes** - a judgment-free gathering for participants to share their thoughts on child rearing under the five protective factors to prevent ACEs.★
- **Healthy Outcomes from Positive Experiences (HOPE)** - learn how positive experiences can give hope and override the negative effects of adverse experiences.
- **Talk, Protect, Report** - gain tools to be an advocate against, and know how to respond to, the occurrence of child sexual abuse.
